Website Planning Document

Weather Center

Author: DJ Elliott

Site Purpose

- To bring the weather to those who check the weather a lot, to make it easier to check desired locations and to make weather more accessible.

Target Audience

- It would be good to have a website that is easy for everyone to use, From the old age to the high schooler.

Site Map

- Home
    - Franklin
    - Greenville
    - Springfield
    - Storm center
    - Gallery

Color Scheme

- Bright colors or colors that are sunny and vibrant that give energy.
